PETITION FOR A RETROACTIVE LICENSE UNDER 37 C.F.R. § 5.25

Applicants respectfully request the Commissioner for a retroactive license under 35 U.S.C. 184. The unlicensed patent application material was filed in Great Britain, GB 0303152.3, on February 12, 2003.

Applicants believe the unlicensed patent application was not under a secrecy order at the time it was filed abroad, and is not currently under a secrecy order. Upon the discovery of the foreign filing license requirement under 37 C.F.R. § 5.11, Applicants have diligently sought after a foreign filing license in the United States based on the unlicensed patent application material. Furthermore, the material was filed abroad without the required license through error and without deceptive intent.

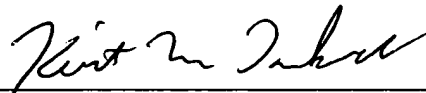

Applicants respectfully request that the Commissioner grant a retroactive license based upon the attached application material in accordance with 37 C.F.R. § 5.13.

If the Examiner believes that there are any unresolved issues in this application, it is requested that the Examiner telephone the undersigned so that appropriate arrangements can be made for resolving such issues.

Respectfully submitted,
